

Partnering To Grow Your Business

Travelers Acceptance Corporation has since 1974 been engaged by businesses to arrange, structure and fund unique indirect consumer financing solutions across a wide range of industries. Travelers consults with its client partners to create term financing programs that attract and retain more customers, close more sales, while increasing overall profitability. As an independent, non-bank finance organization, we have provided other financial intermediaries with consumer term finance solutions including third-party servicing, collection, ongoing management or outright acquisition of Canadian consumer term finance receivables portfolios.

Portfolio Management

In addition to servicing loans for our own portfolios Travelers Acceptance services loans for a variety of third-party clients, including Businesses, Banks, Credit Unions, Insurance Companies and other investors. The company's expertise is in the servicing of Canadian denominated loans and or leases where the ultimate obligor or lessee is a Canadian resident. Compliant in all provincial jurisdictions in both official languages.

Travelers Acceptance is well established to administrate your loan and lease portfolios using our in-depth understanding of the loan and lease portfolio management processes. Our team's experience and familiarity with the process of loan and lease portfolio administration enables us to collect your receivables- faster and with a successful collection rate that is among the highest in the industry.

Our combined portfolio volumes have enabled us to staff our team with the most professional and successful industry specialists. Our results are the true testimony of our successes. We use the personnel resources, the latest technology and the proven effective methods to collect what you are owed. These are the keys to fast, effective management of your portfolio.

Business Intelligence

Travelers provides data mining and business intelligence capabilities to its clients. With consolidated data, users can easily view key information in a variety of popular formats on their own PC's. The need for excessive hardware and expensive information programming and reporting resources is eliminated.

Pricing Options

Our flexibility allows us to offer you a wide range of pricing options; through consultation with your representative we will develop a solution and pricing model that is unique to your individual requirements.
